MALAPPURAM- 679 338

Solid waste generated in the institution includes both biodegradable & non-biodegradable components. For the disposal of degradable solid waste, hospital has an incinerator which is placed around 500 meters from MES Dental college. Non-biodegradable solid waste are collected and sent for either disposal or recycling.

BIOMEDICAL WASTE MANAGEMENT

Safe & effective management of biomedical waste is practiced in the institution for a healthy environment. Biomedical wastes are segregated in separate color coded bags & are disposed. The college has a separate team to follow characterization, segregation, storage, transport & treatment of biomedical waste that is being generated in the institution.
